Leasing
Fleet Management Solutions

Drive Your Leasing Fleet to the Next Level

When looking for a fleet management solution, customers look for a company that maximises their value. Geotab offers solutions that enhance leasing services, helping you stand out from your competition. You will be able to offer business intelligence and predictive analysis to help your customers reduce their total cost of ownership and increase safety, and with Geotab's easy-to-install device, your customers will be up and running with telematics fast. Geotab solutions can set you apart in delivering industry-leading leasing services, make you more attractive to potential customers, and ultimately grow your business.

The Geotab Advantage

+ Maintenance and warranty management.

+ Services scheduling and reminders, and stock management.

+ Alerts for vehicles nearing contractual mileage limits.

+ Accident management from the instant of impact to reduce insurance costs.

+ Engine diagnostics and battery monitoring to prevent unexpected vehicle breakdown.

+ Flexible software with integration capacity.

+ Advanced dashboard reports.
